INSPECTION

Upon arrival at the vault, permission was given to inspect but not to photograph the bars. Upon completion of the audit, the bars were returned to the vault. Each bar was inspected and the marked data compared with the Loomis International (CH) Bar List dated 30th April 2026. Each serial number, bar mark and refinery cast mark and certificate were recorded and compared with the advised lists. The total quantity of 653 bars was found to be correct and agreed with the Loomis International Stock Bar List.
